PROFESSIONAL SUMMARY

Aspiring Data Analyst with a strong foundation in SQL, Power BI, Python, and Microsoft Excel. Currently pursuing MCA with a Bachelor's degree in Computer Science. Hands-on experience building end-to-end Power BI dashboards, including star-schema data modeling, DAX measures, and business-insight reporting across e-commerce and healthcare domains. Skilled in data cleaning, exploratory data analysis, visualization, and basic machine learning.

TECHNICAL SKILLS

- . Business Intelligence & Visualization: Power BI, DAX, Power Query, Data Modeling, Excel
- . Programming & Analysis: Python (Pandas, NumPy, Matplotlib), SQL, MySQL
- . Data Skills: Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization, Basic ML
- . Tools: Jupyter Notebook, Git (Basic)

EXPERIENCE

Data Analyst Intern - Power BI Dashboard Project (2026)

Mentor-guided internship project focused on Business Intelligence reporting

- . Designed and built interactive Power BI dashboards for e-commerce and healthcare domains.
- . Modeled star-schema datasets in Excel with realistic data to support accurate reporting.
- . Developed DAX measures and configured table relationships in Power BI Model view.
- . Translated raw data into actionable insights on sales trends, patient metrics, and operational performance.

PROJECTS

Power BI Sales Dashboard

- . Built an interactive sales dashboard in Power BI to track revenue, product performance, and regional trends.

Fake News Detection using Machine Learning (Python, Scikit-learn, NLTK)

- . Built a text classification model to detect fake news articles using NLP preprocessing and supervised learning.

Sports Management & Online Buying System (HTML, CSS, PHP, MySQL)

- . Developed a full-stack web application for managing sports equipment sales and inventory.

EDUCATION

Master of Computer Applications (MCA) - Pursuing

CSIBER, Kolhapur

Bachelor of Computer Science (BCS)

New College, Kolhapur | CGPA: 8.86 (77.56%)

CAREER OBJECTIVE

To obtain an entry-level Data Analyst position where I can apply my analytical and technical skills to contribute to business growth, while continuing to build expertise in Business Intelligence and Data Analytics.
